

On Tuesday evening December 6, 2016, Harrison County School Readiness Team hosted a community school readiness event at the Cynthiana Harrison County Public Library. The community early learning partners set up stations with early reading and math strategies as well as handed out a definition of school readiness. Children, moving through these stations earned a ticket on the "North Pole Learning Express" where they could "ride" to see Santa! During their "ride" students and their families were treated to dialogic reading of "Twas the Night Before Christmas" as they waited for their "stop" to Santa! Over 250 people and over 100 school age children attended this magical event!
